#100404 6 Hecs 15 min from Dominical

Lots of potential here this place could be developed it a really nice personal; residence or, into a money making business. There is area to build about 5-6 houses and road already inside the property. Public water and electric are in the road at the front of the property plus there is a strong cellular reception at the entrance making Internet and phone service easy as well. the whole property is covered with trees, and the creek runs directly through the center of the land making the setting very private. This would be a great place to build about 6 cabins, a small restaurant/bar and your own residence. its only about 15 minutes down to Dominical, but far enough and high enough to make this property ideal location to away from the heat of the beach.
